18 pennies and 18 Nickels and 68 quarters	18.08	18.08	Good
5 dimes and 46 quarters and 20 nickels and 3 pennies	13.03	13.03	Good
1 quarter and 17 nickels	1.10	1.10	Good
13 nickels and 15 pennies	.80	.80	Good
1 dime and 1 nickel and 1 penny and 1 quarter	0.41	0.41	Good

The script runs very well when using. I found that there is a bug when a typo is placed into the input user category. I could improve upon that with the updated code, which would ignore typos and assume everything is correct from input user.
